

# IceCube Analysis Matrix v8.3 2010.0604

Institution / Analysis Topics	Cosmic-ray	Point Source	Diffuse-Atmospheric	GRB	Exotic particles	Super-nova	WIMP	Muons	Cascades	Composite/Tau	EHE	Low-E	Current locations of leads (nominal 2-yr terms)
Chiba University													EHE co-lead
Clark Atlanta University				■									
DESY-Zeuthen	■	■			■				■				
EPFL - Lausanne		■			■								
Georgia Tech				■								■	GRB co-lead
Humboldt Universität Berlin	■												CR lead
LBNL	■		■	■					■				co-lead Diffuse&Cascade Analysis Coordinator
MPI Heidelberg		■											
Ohio State University							■	■					
Oxford University					■								
Pennsylvania State University										■			Low-E co-lead, Tau lead
RWTH Aachen									■				Muon co-lead
Southern University							■	■					
Stockholm University								■					Point src lead. Low-E co-L
Universität Bochum								■	■				
Universität Bonn									■				Cascade co-lead
Universität Dortmund									■				
Universität Mainz							■						SN co-lead
Universität Wuppertal	■						■						
Université de Mons-Hainaut							■						
Université Libre de Bruxelles		■						■					
University of Alabama									■				
University of Alaska	■												
University of Alberta								■					
University of California, Berkeley													Diffuse co-lead
University of California, Irvine													
University of Canterbury								■	■				
University of Delaware									■				Muon co-lead
University of Gent													
University of Kansas													
University of Maryland													Co-L: GRB, EHE; Exotic L
University of the West Indies, Barbados													
University of Wisconsin, Madison								■	■				SN co-lead
University of Wisconsin, River Falls	■												
Uppsala University													WIMP lead
Vrije Universiteit Brussel
